**NEW!**

## *Civil War Combat on the Run*

**Mud, Blood & Cold Steel** takes a fresh look, for the first time with campaign and battle maps, at the unprecedented and brutal pursuit of the Army of Tennessee by Federal troops following the decisive Battle of Nashville. The non-stop action, much of it hand-to-hand combat, begins at Compton's Hill and surges 120 miles in ten days over rugged terrain and horrendous winter conditions to the final showdown between Wilson's blueclad troopers and Forrest's stubborn rearguard. Includes battle maps, orders of battle, timeline, and bibliography.

Zimco Publications LLC proudly presents
